English Courses for Families

Fun and flexible, Family Programmes at Alpha School of English provide families with a unique holiday experience. More and more parents are now opting to join their children on an English Language holiday abroad. Our Family Courses are tailor-made to suit the needs of today's family – a perfect choice for families with young children or teenagers!

Family Courses are specifically designed to fit the lifestyle and requirements of each individual family member. Whether you require English Courses, Adventure Sports Courses, accommodation, leisure packs, airport transfers or a combination of these services, our counsellors will help you create the best package for your family's needs. Parents may choose accommodation only or choose a Business English, One-to-One Course or even an Extreme Adventure Course instead of the standard General English Course. Children can book Junior or Vacation English Courses, Sports Courses or a combination of English and Sports Courses.

Accommodation

Families may opt for accommodation with a Maltese Host Family, at the School Guest House or in a hotel, self-catering apartment or even a villa with a private swimming pool. We also offer car rental assistance and childcare services for families with young children.

St Paul's Bay - Malta's Traditional No. 1 Family Destination

An ideal choice for a family holiday, St Paul's Bay is a relaxed and safe destination that is particularly popular with British tourists and Maltese families. Our traditional village is situated on the coast just a short distance from the sandy beaches in the north of Malta and also provides easy access to family attractions such as the Silent City of Mdina, Splash 'n' Fun Waterpark, Popeye Village and the Ta' Qali Arts and Crafts Centre.

Leisure & Excursions

For an unforgettable family holiday in Malta, families may select one of our specially designed leisure packs. Our Family Fun Pack is ideal for families of all ages and interests. Families can choose to spend their time by the sea on activities such as boat cruises and beach trips, at family attractions such as water parks or on cultural and heritage tours. For the adventurous family, we offer a Family Adventure Pack. Our adventure activities will take students to hidden parts of Malta rarely discovered by mainstream tourists.

Children and their parents will also be given the chance to learn exciting new skills such as climbing or kayaking and discover wonderful new possibilities in the world of adventure sports. Families with children under the age of 10 are advised to book our Family Junior Pack. This leisure programme includes a range of activities suitable for young children including family attractions such as water parks and beach trips.
